i-Scrub 21 Battery

- the lightweight for heavy jobs.
A unique versatile scrubbing machine developed for professionals.

i-Team is designed with the user in mind, simple to handle and economical. The extremely low weight 2,3 kilos (4,9 lbs) and practical design makes it ideal for cleaning in areas where manual methods presently are used. i-Team has an "ergonomically" designed handle with many features such as adjustable variable shaft length and angle. The heavy duty battery lasts up to 2-3 hours. The brushes are designed for hard to reach areas, corners and niches. i-Team has a snap on attachment grip for the scrubber head, for easy replacement.

Detachable scrubber head unit now with a handle.
Hard to reach areas in bathrooms, toilets and changing rooms etc.
Ideal for cleaning scrubbing and polishing hard to reach areas.

Optimized Productivity and Time Saving - Freedom to clean

- Staircases, floors & base boards
- Walls, ceilings & columns
- Bathrooms (toilets, shower & tile)
- Wood and stone floor polishing
- Trains, buses, etc.
- Commercial kitchens
- Hard to reach areas
- Furniture, tables, etc.

Lightweight i-Team makes cleaning of shower and tile walls really easy.

Optional

Two machines in one-with handle conversion!

Optional

Ball bearing drive. Specially designed brushes for hard to reach areas.

i-Team based on a modular construction with a telescopic shaft and adjustable scrubber head. The tank with a electric pump comes as an option.
